EDUCATION

Bachelor of Technology in Information Technology

Kalinga Institute of Industrial Technology

06/2018 - Present

7.92 CGPA

Intermediate

Sri Chaitanya Educational Institution

05/2016 - 03/2018

65%

Matriculation

Tagore Academy

03/2003 - 03/2016

76%

WORK EXPERIENCE

Intern

Ernst & Young

01/2022 - Present

Achievements/Tasks

- This training helped me gain a lot of knowledge about software training, software testing, cloud computing, database management.

Data Science and Machine Learning Intern

Mvaro

07/2021 - 08/2021

Achievements/Tasks

- In this internship, as a analyst I was told to design a project from the dataset to identify the patients who can have diabetes by using digit classification through SVM algorithm.

Data Science & Business Analytics Intern

The Sparks Foundation

01/2021 - 02/2021

Achievements/Tasks

- In this internship, as a security analyst i was told to locate the areas where the number of terrorist attack was at peak and also to find the security issues and insights.

PERSONAL PROJECTS

Exploratory Data Analysis on Terrorism

- The main objective of this project is to find some hot zone of Terrorism. Using EDA I have derived all Security Issues and Insights.
- Tools & Tech - Python, Data Science, Excel, Jupyter Notebook.

Prediction of Diabetes Patients

- The aim of this project is to diagnostically predict whether or not a patient has diabetes, based on certain diagnostic measurements included in the dataset. Several constraints were placed on the selection of these instances from a larger database.
- Tools & Tech- Python, Data Science, ML, Jupyter Notebook.

Food Delivery Web Page

- The main objective of the Webpage is to help people to order their required food through online website.
- Tools & Tech- HTML, CSS.
